**Technical specification EN 13240:2006**

**Product name: 806 IGLO**

**TYPE : 806**

Distance to combustibile materials ; Min distance (mm)  
Rear : 500 , Sides : 500 , Front : 1000

Emission of combustion product : CO (13% O<sub>2</sub>) (0.09 %)

Flue gas temperature at nominal heat output:T(206 C')

Nominal heat output : 10,60 kW

Efficiency : %80.33 Energy efficiency class : A+

Fuel Type : Solid fuel

Operating draught (PA) : 12.17

Weight : 60 Kg

Dimensions (mm) Height: 795 Width: 420 Depth: 540

Fuel consumption (kg/hour) : 2.95

Flue diameter : 130 mm

**The appliance cannot be used in a shared flue  
Read and follow the operating instructions  
Use only recommended fuels**
